OBJECTIVE

Aiming for a position that allows me to apply my skills, provide excellent service, and contribute to the success of the team. I am eager to gain valuable experience, expand my skill set, and maintain a flexible schedule.

EXPERIENCES

FREELANCE FRONT-END DEVELOPER

2023-2024

- Collaborated with other developers to create a fully functioning system.
- Implemented responsive designs with Bootstrap 5, ensuring compatibility across various devices and browsers.
- Utilized JavaScript ES6 in various projects to enhance functionality and maintainability, implementing features like async/await for asynchronous programming and modules for better code organization.
- Integrated front-end components with back-end systems or API's.
- Conducted testing and debugging to ensure smooth functionality and optimal user experience across devices.

SCHOOL PROJECTS

YOUTORIAL

- Developed a mobile quiz game to test users' programming knowledge with multiple-choice questions.
- Technologies Used: Java (Android SDK), XML, SQLite
- Implemented an intuitive UI and a scoring system that tracks user progress.

LIBRARY MANAGEMENT SYSTEM

- Designed and developed a comprehensive library management system to streamline book lending, returns, and inventory management for a school library.
- Technologies Used: Java, MySQL
- Created a user-friendly interface that received positive feedback from instructors.

EDUCATION

Mobile App and Web Development 2018 - 2020

STI College Batangas

Bachelor of Science in Information Technology 2020 - 2021

University of Batangas
